

ATLÉTICO NV

Harold was born and raised in Las Vegas, NV. He became involved in the beautiful game of soccer in 2011 as a recreational coach/volunteer for his daughter's team. His passion for the game began shortly after and continues to grow with each season and every player he coaches.

Coaching has given Harold the opportunity to work with many different mentors and coaches along the way. He has learned valuable lessons from each and passes this knowledge on to his players. Harold is dedicated to ensuring that each player achieves both personal and professional success on and off the field. He enjoys the opportunity and challenges that come with helping student athletes achieve their goals not only as young soccer players but most importantly as great young people.

Harold is a father of 2 amazing children and a husband to a wife that has supported him through 17 years of life changes, challenges, and blessings.
